

**IDENTIENT**

Modernize CIAM. Mobilize Growth.

Business Case Development

Develop ROI-backed business cases and right-sized architecture for scale, trust, and agility.

POC & Migration Support

Turn plans into progress. We help run POCs, plan MVPs, and support stakeholder readiness.

Strategic CIAM Assessment

Pinpoint gaps, identify quick wins, and align identity strategy to your business priorities.

Who We Are?

Identient is your trusted partner for modernizing customer identity systems. With 20+ years of experience at companies like AT&T, Oracle, PwC, and VMware, we bring deep, real-world insight to CIAM strategy and delivery.

What We Do?

We help enterprise leaders make confident identity decisions—faster. From vendor evaluations to migration roadmaps, we provide strategic support that bridges the gap between security, business, and execution.
